Sir,

Local Development works- South Kanara district- Accounting memorandum and maintenance of registers.

D) Ref: Government Memo No.5 Public (RDP.54.1 dated 19.7.54)

According to the Accountant General's letter communicated with the Government Memo cited, the various registers connected with the execution of local development works have to be maintained by the Revenue Divisional Officers who have also to draw work bills for payment.This procedure will not be suitable for this district where the execution of the local development works has been entrusted to the technical departments such as the Highways, Public works Department and the Minor Irrigation Supervisor in conformity with the orders of Government that the department which prepares the detailed plan and estimate of the work is responsible for its execution. Hence in this district the various registers in connection with the execution of the local development works will have to be maintained by the officers of the concerned technical departments I request that the Government may be pleased to issue orders clarifying the position at an early date.

2. In this connection I also invite attention to my report Ref.A7.8505-54 dated 14.7.54 and request that necessary orders ~~of~~ to the Chief Engineer (Highways) and the Chief Engineer, Public Works Department may be issued urgently, so that the local officers of these departments may proceed with the execution of the works entrusted to them.

Yours faithfully,

For Collector.

Local Development works - South Kanara Dt
Accounting memorandum & maintenance of Registers

From the Collector of South Kanara A 7. 83-05/54 dt. 16.8.54.

The Collector of South Kanara represents that according to A.G's letter communicated in Govt memo No 5 pub. (RD.P) 54-1 dt 19-7-54, the several Registers connected with the execution of Local Development works have to be maintained by the respective Rev. Dist Officers who have also to draw work bills for payment. The Collector reports that this procedure is not adaptable so far as his district is concerned. In his district all the local development works have been entrusted to Highways and public works department. The details of the plan and estimates of the work are being prepared by the department and consequently responsible for the execution of the works. Hence the Collector reports that the various registers to be in connection with the execution of local Development works may be ordered to be maintained by the officers of the concerned technical departments.

Answered.

7.11.54

The position stated by the Collr is not ~~—~~ Correct. Though the execution of the work may be entrusted to the different technical departments, payment of bills — until finally — rest with the Collr. In other words the officers who are entrusted

with the work will after execution and after effecting necessary checks will forward them to the bills for payment with their recommendations. Thus the control of expenditure will wholly devolve on the Revenue Staff, here or the R.D.O as the case may be.

2 The Md. has submitted proposals viz. another case that payments may be made by RDO's office & this is under consideration of the Govt. The instructions contained in the memo at (1) do not require any revision. The bills may be informed accordingly.
